

PDN May-December 2021 Calendar

During the COVID-19 pandemic we ask that you take into consideration the wellness, health and safety of all. If at any point you, your child, or anyone you have gathered with, shows any COVID-19 like symptoms, we ask you notify ED via phone call immediately and keep your child home, until approved for return by ED. We ask you contact your child's physician for additional instructions.

If child was exposed to someone positive, they are to quarantine as required per Pasadena health department.

If you or someone who had contact with your child, was exposed to a person positive for COVID-19; but your child was not directly exposed, please make ED aware and we will contact our local health department for guidance. All cases are different and therefore, we will follow guidance provided by our local health department per incident. Keep your child home until guidance from ED is provided.

In the event that your child presents with any COVID-19 like symptoms, it is required that you notify PDN immediately. Your child may return to PDN under the following conditions:

1. Proof of Negative Covid-19 test results and symptom free for up to 72 hours without medication prior to return (If child was exposed to someone positive, they are to quarantine as required per Pasadena health department).
2. If your child presents with any COVID-19 like symptoms but has no known exposure and you choose to forgo the COVID-19 test, your child will be excluded for a minimum of 10 days. Children who isolate for 10 days are still required to be symptom free for up to 72 hours without medication prior to return.
